Dear Jane:

I want to thank you and the Channel 66 camera operator for the high quality series you made on "meals on wheels" in Hudson.

What especially impressed me was the dignified and lively interviews with the elderly participants of the programs.

You certainly are both a credit to your company.

Sincerely,

Dear Francesca:

It has been quite awhile since you and your crew was down here on the banks of the Charles. Many of us saw the program on the Community Boating and thought it was great. You did a wonderful job capturing the spirit of the Junior Program. Thank you.

As you and I discussed, we would love to get a copy of the footage. Our kids are especially excited to see themselves again. We are having a get together soon and would love to show it. Enclosed is a signed copy of the release. Do you need the \$10.00 fee now or does Community Boating get billed for it? Just let me know.

Again, thanks for everything. The show was great. If you would like to go sailing during the fall I enclosed a couple free passes. The breezes are perfect this time of year.

Sincerely yours,

Barbara Rose

Dear Francesca,

On behalf of the Framingham Auxiliary Police, I would like to thank you for your recent assistance in promoting the voluntary children's fingerprint program. On April 6, 1991 approximately 500 children were fingerprinted for their parents. The parents who brought their children to be fingerprinted expressed their sincere appreciation that the fingerprint program was taking place. Your contribution was invaluable in making the program a success for all those involved.

The Framingham Auxiliary Police look forward to making the voluntary children's fingerprint program an annual event in Framingham. We will be in touch as plans come together for 1992. Once again thank you so much for your help.

Sincerely,

Dear Ms. Buchhalter:

Last week Francesca Bryden from your station came to tape at our Integrated Preschool Program here at Natick High School. I'm writing to say how delighted we were with both her professionalism and enthusiasm.

As you may know, our program is set up to integrate special needs and non-special needs children at a preschool level. When I first learned TV 66 was coming, I admit I was a bit hesitant due to the sensitive nature of the subject matter. It was such a pleasure to have Francesca and her cameraman arrive and conduct themselves so well. We barely knew they were there and the children were thrilled!

In addition, although the parents of our preschool students were also nervous at the thought of their children and themselves appearing on television, Francesca immediately put their fears to rest with her calm and caring demeanor. Several of the parents remarked how at ease they were, despite the camera and the lights.

Please extend our gratitude to Francesca for her sensitivity and for a job well done. We are eagerly awaiting the finished series and we want to thank her so much for being there.

Sincerely,

Ms. Audrey Gordon

Dear Mr. Buchalter,

I wish to extend my appreciation to yourself and your station for the superb work that both Lisa Robinson, Program Director and Tom Segale Videographer did this past Wednesday, March 17th, 1990 with one of our VA Community Access programs located at North Cambridge VFW in Cambridge, MA. They were both so helpful and sensitive to all. They were eminently professional.

Ms. Robinson was extremely caring and related so well to our older veterans. They in return were to able to be comfortable and responsive ~~to the film.~~

Dear Ms. Robinson,

Thank you so much for your wonderful work this past Wednesday March 28, 1990 with VA Community Access Program at the North Cambridge VFW Cambridge Mass.

Your caring concern and kindness came through to all of those in attendance. The veterans have asked me as well to extend their appreciation. Your sensitivity to the feeling of our older American Veterans and to their investment in the program was very obvious. Your skill was instrumental in aiding them to be at ease and comfortable during the filming. It was indeed buoying to them, a much deserved and revered group of Americans.

We have reached a milestone: 10,000 cars. Your public service stories on our "Car Campaign" were our first television exposure, and proved to be quite effective. As a result, our budget has increased and we have been able to contribute significantly more to kidney research.

Please accept the enclosed trinket pocket watch and framed certificate as tokens of our appreciation.

Thank you for your support. Of course, if those stories could be resurrected and run again, we would greatly appreciate it.
